BENEFITTING FROM the 1957 Desert Circus, Mrs. McDonald. The Association divided \$12,000 profit between 33 charities and churches in the Palm Springs area. The Friendly Aid Society received chairman of Desert Circus, Sam Janis and Mac \$1,000 as its portion of the proceeds. (Sun Photo).

## Linskey Named Desert Sun Ad Manager

Bob Linskey has been named Advertising Manager of The Desert Sun, taking over the post held by the late Bill Rashall, Publisher Ward J. Risvold announced today.

Linskey had been a member of the department under Rashall for a period of three years.

Prior to coming to Palm Springs, he was associated with the Cincinnati Enquirer for five years, in the advertising department, and also did free-lance commercial art for several years.

He attended both the University of Cincinnati and the Central Academy of Commercial Art. During World War II he served five years in the United States Navy, as a chief radioman.

Active in civic affairs, he is a past president of the Indio Junior Chamber of Commerce, a past vice president of the Cincinnati Advertising Club, is currently serving as president of the Palm Springs Sports Car Club, and is a member of the local Kiwanis Club.

## Georgia Convicts Smash Legs, Claim Brutality

BUFORD, Ga. (AP)—Six convicts who claimed they bashed their legs with a sledgehammer because of the brutal life in Georgia's rock quarry prison rested in the infirmary today, wearing bandages or casts.

The men tried, three successfully, to break their legs Monday by hitting them with a 16-pound sledgehammer at the scene of two incidents last summer in which 41 incorrigible inmates similarly bashed their legs.

Director Jack Forrester of the Department of Corrections said after investigating the third incident within nine months that the self-mutilators made "no complaints about cruel treatment."

Other investigators made the same report but reporters questioning the banged-up men in absence of prison officials heard complaints about brutality, poor medical care, hard work, or simply dislike of crushing and hauling rock.

## United Fund Drive Committee Chosen

A report today that every charity drive in Palm Springs fell short of its goal, contrasting with last year's report of all drives going over the top, basically fed the suggestion of a United Fund for this resort community.

Some 40 persons met at the Chi Chi for breakfast this morning to organize a special committee to discuss and come up with a recommendation for a United Fund.

Some opposition to a single fund drive was voiced by Shelby Langford, chairman for the American Red Cross, who said that the Red Cross would not subscribe to a United Fund, because they could not set a goal or number of drives necessary. "Because of a disaster," said Langford, "we may have to have another drive in order to raise funds, and we may at any time have a membership drive."

GEORGE BEEBE, Jr., head of the Retail Merchants, told the group that local businessmen were "hard hit" by the charity drives because at the height of the season, "when they are making money, they have to go out on a local

## Ike Cuts Foreign Aid by Half Billion, Says More Foolhardy

WASHINGTON (AP)—President Eisenhower today formally cut his foreign aid budget to \$3,865,000,000 and warned Congress that any further big reduction would be a "foolhardy" gamble with American lives.

In a fighting defense of his foreign aid proposals, the President warned Congress that reduced aid spending would mean increased United States defense costs, heavier draft calls and renewed Communist gains abroad.

HE STATED HIS case in a special foreign aid message to Congress. Tonight he will follow it up with a radio-TV appeal to the nation, seeking public support to check the congressional drive to slash his record peacetime spending plans.

Key support for the President came on the eve of his message. House Democratic Leader John McCormack of Massachusetts in a television interview, gave his unqualified support to the full foreign aid request.

"Whatever calculated risk we should take with our security should be taken on the side of strength and not weakness," McCormack said.

## Village Civic Leaders Endorse Rose Parade Float

An areawide campaign is under way today to launch Palm Springs first entry in Pasadena's famed New Year's Day Rose Parade.

The campaign, to be spearheaded by the Chamber of Commerce, yesterday drew the unanimous endorsement of a representative group of Village merchants, businessmen and organizations in a special meeting at the Chi Chi.

First stage for creation of the float, requiring a minimum investment of \$6,000, was kicked off with appointment of a special committee to test reactions of area residents and businessmen.

GREETED WITH enthusiastic response to the plan, Chamber of Commerce Manager Jimmy Cooper said he was "greatly encouraged" with the prospects of a Palm Springs Rose Parade entry.

Various suggestions were made as to how funds could be raised to build a float able to compete for trophies with 59 other entries.

FUND DRIVE, thereby leaving their business when they need to be present.

The greater percentage of the two score persons present at the breakfast were in favor of a United Fund Drive. And all agreed that it would never take the place of some community drives, but would get many of the regular drives up to their goals.

FALLING UNDER the United Fund would be organizational drives of the March of Dimes, Community Chest, Cancer, Crippled Children, etc., while those which could not be classified under the drive would be church benefits, guild drives, building fund drives, etc.

Appointed to the committee to look into the inauguration of the United Fund were: Roger Williams, chairman, Tom Kieley, Dean Pickell, Homer Hillon, Mrs. John Gallorani, Bob Hollister, Ronald Ellis, George Beebe, Jr., Sally Oert, Red Kenyon, Flo Ambler, Mrs. Carl Plate, Mrs. Erna Poliak and Adrian Rosen.

The committee has been asked to report on its findings within the next two weeks.

## Ike's Defense Budget Cut By \$2 Billion

Half of Amount Represented in Bookkeeping Only

WASHINGTON (AP)—The House Appropriations Committee cut a whopping \$2,386,775,000 off President Eisenhower's request for new defense funds today and called for a general belt-tightening in the military.

But committee members conceded that half the cut represented bookkeeping or paper savings. They said it is questionable whether any big part of the slash will show up in enforced spending cuts in the new fiscal year starting July 1.

IN A REPORT to the House prepared by Rep. George H. Mahou (D-Tex.), the committee nevertheless made plain that it expects the military to put into effect on its own substantial economies in the President's 38 billion dollar defense spending plans.

The committee said the "nature and extent" of the military threat against the United States and its allies "appears in certain respects to have somewhat abated." And it said excessive spending for defense itself can impair security.

## Teamsters Strike At Biggest U.S. Missile Center

COCOA, Fla. (AP)—A Teamsters Union strike threatened to halt construction work today at the nation's biggest guided missile center where the earth satellite will be launched.

Approximately 500 members of the union walked off their jobs and picket lines were thrown up at the main gates of huge Patrick Air Force Base.

Air Force officials emphasized the walkout would not immediately interfere with the testing of top secret guided missiles at the base. They would make no further comment.

J. W. Hughes, president and manager of Teamsters Local 79 said the strike was called after contractors at the base refused to give recognition to the union. He said the Teamsters Union was the only one not working under contract at the Air Force installation.

Picket lines were thrown up at the main north and south gates at 5:30 a.m. and union officials said a bad traffic tie-up occurred when several hundred civilian workers from other unions honored the lines and turned away from the base.

## Nine Council Districts Are Proposed

Suggested As Compromise In Redistricting

A possibility that nine councilmen will serve the City of Palm Springs was brought up yesterday afternoon at a Council luncheon at the Chi Chi, when Hy Ranes, City Planning Director, asked the council "if they had given it any thought."

Ranes said that the Planning Commission wanted the reaction of the council on a nine-member council instead of the present seven-member.

WITH FIVE OF the seven councilmen present at the luncheon meeting, none voiced any disapproval of the plan, bringing out that it might be a way to better divide the councilmanic districts and bring about an equalization of population representation.

One of the "off the cuff" plans that was proposed for study by the planning director, would split districts 1 and 2 and enlarge district 7. This would call for the election of two additional members to the council at the next regular election and except for possible minor changes, none of the other districts would have to be touched.

## State Senate Group Approves Work Right Law

SACRAMENTO (AP)—A modified right to work bill threatened today to upset the spirit of compromise that has existed in this session of the Legislature between labor and employer representatives.

The bill by Sen. F. Presley Abshire (R-Santa Rosa) won approval of the Senate Labor Committee Monday. But labor lobbyists in the Capitol were rallying their voting strength in both houses in an effort to block passage of the measure.

Abshire himself refused to call it a "right-to-work" bill.

## Blast Damages Navy Midget Sub

PORTSMOUTH, N. H. (AP)—An explosion Monday night damaged the Navy's midget experimental submarine XI while it was docked in the Navy shipyard. The Navy did not say what caused the blast.

Capt. Robert L. Moore Jr., shipyard commander, said a portion of the 50-foot bow was destroyed by the blast.

A Navy public information officer said about five feet of the bow was torn away but that the sub was able to move unaided to a floating crane which then dry-docked the craft.

Several speakers, governors and senior regents from other Southern California lodges will attend the meeting. Prospective members and their wives, as well as youngsters interested in joining the Teenage Club, are invited to attend the meeting.

## State Teamster Officials Ask Beck Resignation

SAN FRANCISCO (AP)—Top Teamsters Union officials here have called for the immediate resignation of Teamsters' President Dave Beck, whose actions they charged "have made us the laughing stock of the country."

The demand Monday came close on the heels of the AFL-CIO Executive Council's expulsion of Beck for misusing union funds "for his own personal gain and profit."

Jack Goldberger, president of the San Francisco Labor Council and a vice president of the California AFL, said he will place a motion before the Bay Area Joint Council of Teamsters when it meets June 4 calling for Beck's resignation.

## Martial Law Declared in Kansas City

Savage Twister Injures 230 More, Destroys 500 Homes

KANSAS CITY, Mo. (AP)—A savage tornado, the worst of the year, roared out of Kansas and into two suburban Kansas City subdivisions Monday night, spreading death and destruction.

The twister left at least 35 dead, many of them still unidentified today, and 230 injured.

Martial law was declared and soldiers patrolled the ravaged areas, looking for more bodies. Police said that with the great amount of destruction, there could be "many more" bodies still in the wreckage.

THE TORNADO cut a 73-mile swath across Kansas, killing six in that state, before it hopped over the state line and boiled into Hickman Mills and Ruskin Heights, two adjoining subdivisions just south and east of Kansas City. The death toll in those areas was 28. Another man died at Martin City, a small town south and west of Kansas City on the Kansas border.

Heavy equipment moved in today to clear the wreckage of an almost new shopping center, high school and church that were demolished at Ruskin Heights. In the meantime, the Weather Bureau issued new warnings of possible tornadoes for extreme Southeast Missouri and Northeastern Arkansas.

THE TORNADO was by far the worst of many that have plagued the Midwest and Southwest this year. A tornado that ripped Dallas, Tex., April 2 killed 10. Another tornado killed 19 persons last Wednesday at Silverton, Tex.

United Press photographer Jerry McNeill of Dallas, who witnessed the tornado there and flew here Monday night to photograph the one here, said the Dallas tornado "was merely a baby compared to this."

"The Dallas tornado skipped through sparsely populated areas," McNeill said. "This one was more thorough. And while the path was only five miles long, this tornado caused much more destruction."

POLICE AND RED Cross officials estimated 500 homes destroyed. Families were separated and efforts were being made to set up an emergency clearance headquarters to find the missing, and to unite families.

Fears that many persons were trapped when the new brick Presbyterian Church collapsed were dispelled by Harry Brenner, an elder of the church, who said a group of about 60 persons huddled in the basement, and were saved when the floor kept the falling bricks from crushing them.

## Flu Epidemic Hits Philippines

MANILA (AP)—A major flu epidemic raged in the Philippines today with nearly 60,000 cases reported in Manila alone. Hundreds of U.S. servicemen were affected.

Dr. Mariano Icasiano, Manila city health officer, said 31 persons were known to have died in the city up until last night. Most were children.

Dr. Icasiano said the epidemic was still on the rise and he expected no relief for another two weeks.

At the same time it was reported that the epidemic had penetrated into the American military bases at Clark Field and Sangley Point where hundreds were reported stricken.

Post exchanges and commissaries were closed and all public gatherings were outlawed at Sangley Point Naval Air Station.

## Taxpayers United Tell Why Bonds Should Be Defeated

Riverside County's proposed \$5,465,000 bond issue, earmarked for expansion and construction of governmental and building office space, today met the opposition of a group which has labeled itself as "Taxpayers United."

In a statement of policy, officers of the group announced a firm stand against "the careless expenditure of public funds in the bond issue to be voted upon June 11."

Officers were listed as Earl W. Porter, president; Supervisor William Jones, vice president; F. E. Pinkerton, vice president; and Mrs. Faith Deuprey, secretary.

THE STATEMENT attacked county claims that lack of office space generates inefficiency with the comment that "we grant that one or two departments are overcrowded."

"We agree that planning for the future is needed," the statement read, "but we need not carelessly

erect monuments to government when there are methods of satisfying the need for space with a measure of economy."

The group suggested a substitute plan calling for addition of a tower building on the county jail site at Riverside or a two-floor addition to the courthouse itself.

ITEMIZING THE amount of floor space used by county agencies, the opposition group suggested a shuffling of offices to utilize all available space and to move one group to a new building and shift a second governmental agency to the courthouse annex.

Taxpayers United claims that 87,390 square feet of usable floor space exists in the courthouse.

Future expansion could be planned for and financed with the annual building fund, the group claimed, suggesting that the tower building and extra annex floors could be added when needed.

The group also claimed that the proposed county sales and use tax would provide at least \$1 million a year which could be used for expansion.

They charged that "refusal to adopt the sales tax has already cost the government \$1 million" and "further delay is indefensible."

## Body of Miner Found After 80 Hours of Digging

LYKENS, Pa. (AP)—The body of David Snyder, 35, father of three who was buried by a mine cave-in for more than three days was found Monday night 400 feet down in a mine shaft.

Snyder's body was found in a gangway tunnel recessed from the main shaft of the mine which he operated with his brother, Leroy, and Mark Spontic.

Dauphin County Coroner Dr. S. E. Herrold attributed Snyder's death to suffocation. He said the victim apparently ducked onto a recessed gangway in the main shaft of the slope-type mine to escape an avalanche of coal and slag which fell while he worked in the mine last Friday morning.

Snyder's only means of escape from the niche was blocked by the falling avalanche, and he died when his oxygen gave out, the coroner said.

A five-man rescue team, headed by Leon Richter, of nearby Trevorton, and assisted by scores of volunteers, worked for more than 80 hours to free the trapped man in time.

THE UNITED STATES IS  
A "NATION UNDER GOD"

The reenactment this year of historic events surrounding the discovery and founding of America will help remind all of us of the sacred principles which guided our forefathers. Our early history is filled with the public declaration of faith of the American pioneers.

On April 26, 1607, a small group of settlers sailed through the Virginia Capes and three days later landed at Point Comfort. This historic event was just recently portrayed in a very realistic way by costumed actors as part of the Jamestown Exposition Representing the little band of 105 settlers they came ashore in longboats from their wooden ships, set up a large wooden cross and thanked God for their deliverance.

As the Mayflower II approaches Plymouth arrangements are being made there to reenact the events that followed this famous voyage of 1620. Their long and perilous journey had been "undertaken for the Glory of God, and the compact those 41 brave men signed began with the words: "In the name of God . . ." These Pilgrims called on Heaven to witness the signing of their compact "solemnly and mutually in the presence of God."

Upon taking his oath of office as the first president 169 years later George Washington kissed the Holy Bible and concluded with the words: "So help me God." This reliance in the Creator has been followed by every succeeding president and in all of their inaugural addresses from Washington to Eisenhower the presidents have paid tribute to God and the dependence of this nation on faith.

All Men Created Equal

The new nation had been founded, as stated in the charter, "that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among them are life, liberty and the pursuit of happiness." The declaration of Independence closed "with a firm reliance on the protection of Divine Providence."

No president was more dependent upon faith than the Great Emancipator. The life of Abraham Lincoln is filled with the declarations of his faith. It made him confident that his cause was just. As he put it: "I know I am right because I know that liberty is right for Christ teaches it, and Christ is God."

In a recent issue Christopher News points out that the seals of at least ten states pay tribute to God; also that a Bible verse (Leviticus 25:10) is inscribed on the Liberty Bell as follows "Proclaim liberty throughout the land unto all the inhabitants thereof."

It is well to remind this generation—and especially our children—of the sacred principles on which this nation was founded and on which it must depend in order to remain free. The religious revival which Billy Graham is now conducting in New York City will serve this purpose well, particularly because it is the young people of this country to whom he makes his greatest appeal.

It is fitting that in recent years the words "under God" have been added to the pledge of allegiance for as long as the faith of our forefathers prevails "Government of the people, by the people and for the people shall not perish from the earth."

JOHN MORLEY

Mr. (Modern) Republican in Trouble

WASHINGTON, D.C. — "Never before," said Senator Lyndon Johnson in Churchillian prose, "have I experienced so much difficulty and spent so few facts . . ."

He was addressing a pale-faced, much-deflated Arthur Larson, alias Mr. (Modern) Republican, director of the U.S. Information Agency, which is the "kept press" of the Share America groups in Government. Johnson is Democratic Floor Leader and Chairman of the Appropriations subcommittee which has the USIA budget in charge.

THE SENATOR hadn't been able, after three days of hearings, to find much justification for the de luxe propagandizing with which USIA is trying to "win the minds of men" for our side. He was pretty annoyed with Mr. (Modern) Republican, a very glib and overgeneralized book called, "A Republican Looks at His Party."

Ever since his Eisenhower-plugged book came out last year, Mr. Larson has been regarded as the spokesman of the "new" Republicanism and as the fellow who could say of himself, "I'm Hamlet."

"The Time is Out of joint; O, cursed spite, That ever I was born to set it right!"

When you've been in Washington awhile, you get used to seeing these world-fixers come along. Only a couple of years ago we had Edward Corsi, a sports model Republican, who was going to turn back the calendar and outdo Tammany Hall, a Democratic society which got its political start by catering to immigrants.

The word from New York was that Corsi was building up to run for Governor as a Modern Republican. Down here he gave the impression, so familiar to us all, that all the Federal Government needed was a humanity-lover like himself. Corsi didn't last much longer than Newbold Morris, who preceded him by a few years; and I bet Larson will be gone before the year is out. These world-fixers can't stand being laughed at.

BUT THE CLASH between Johnson and Larson, a Southern Democrat and a Modern Republican has a significance beyond personalities. While the President's party spokesman was catching his lumps, the President was making a telephone address to Louisville where he told a re-

gional GOP meeting that Republican candidates must challenge the Democrats everywhere in the South. Mr. Eisenhower was voicing the well-known call for a two-party system in Dixie and he was, by inference, taking some credit for advancing this movement.

Yes, but we had better examine this movement more closely. Long before Ike came along, four Southern States left the Democratic party in 1948 and voted the States' Rights ticket against Candidate Truman. By 1950 there were definite signs in Florida, Texas, North Carolina and Virginia that a realignment was taking place.

IN 1952, STILL voting "against Truman," although the Democratic candidate was Stevenson, four Southern States went Republican, that is, conservative. The movement spread and deepened in 1956. By this time Virginia, Florida, North Carolina and Texas had reelected Republican Congressmen, the surest proof of grassroots sentiment.

"But this GOP trend in the South was not for Modern Republicanism. It was an escape from the so-called liberalism of the Democratic party. Since his second inauguration, the President has been proclaiming liberalism for the Republicans, too. What does this do to the conservatives in the South, and elsewhere, who were looking for a home?"

THE QUESTION is more than academic because Governors are being chosen this year in Virginia and New Jersey. Four years ago Republican Candidate Ted Dalton polled over 45 per cent of the Virginia vote. He and his party did so by anticipating the GOP's "modern" movement and by confronting the Southern Democrats, of whom Senator Byrd is the intellectual and spiritual leader, with something re-

sembling a State-sized New Deal. It was a close victory for the Byrd forces and one of the sweetest that the Senator ever tasted.

Now it's all to be done again. But Virginians know the score. To vote conservative, they vote Democratic. Their fellow-thinkers in New Jersey are not so lucky. The Democratic candidate, Governor Meyner, is an orthodox Fair Dealer, and it might be hoped that his Republican opponent would represent a contrast. Not so. State Senator Malcolm Forbes, recent winner of the GOP primary, is a "new" Republican, a close friend of young Congressman Peter Frelinghuysen who, along with Senator Clifford Case, might as well be Democrats.

WERE IT NOT for the political meaning that lies behind such a clash as that of Lyndon Johnson vs. Arthur Larson, the hope for a two-party system would be nil. The truth is that the spirit of conservatism has stayed alive despite more than two decades of ultra-liberalism in the Democratic party and a recent showing of it in the Republican party.

The South, which is more like what the Founding Fathers intended, understands that the struggle for freedom in America and in the world is against the Super State. In places like California, which such a man as Senator Knowland makes a fight, there is some comprehension of what's going on. But in too many places, like New Jersey and New York, where party lines are meaningless, the American people are almost reduced, like Middle Europeans in times past, to voting "Yah!" or staying home from the polls.

The only thing which could clear up the confusion, and save us, is the kind of fight which separates the fundamentalist sheep from the modernist goats, regardless of party label.

I don't know what they did as yet. But I hope they've got it made. The Realty Board discussed my pet, A float for the Rose Parade.

Palm Springs Realty Board met yesterday to talk plans for a Palm Springs entry in the Rose Parade in Pasadena on January 1, 1958.

NOW, YOU SEE, to provide smooth operation for the artisans of the composing room, I have to prepare this prose a day or so in advance. So am clawing the keys of this venerable typewriter on a bright Sunday afternoon well ahead of the Realtor's meeting.

But knowing that members of the board are wise and intelligent men and women, am confident all will be well.

They have the best interests of Palm Springs at heart so I am sure they'll want a Palm Springs float in that parade where a million will see it in person and countless millions more via TV.

Mrs. Theresa Press pressed for that entry. Never underestimate the power of a woman.

WAS AROUSED to some interesting thoughts Friday, school board election day.

These new gimmicks of the present century could cause confusion with laws written in the last century. Take, for instance, that law which prevents electioneering within a certain distance of the polls. And then take a car radio tuned to a station blurring political advertising.

If the driver should stop his car at the door of the polls without turning off the radio and a candidate just at that time should have a political announcement on the air waves, what would that make of him, the car owner and the radio station under that law?

ANOTHER THOUGHT along the same line. You know that on election days, the gentlemen who dispense potent beverages get a vacation. It is illegal to barter with alcoholic items during the hours the polls are open.

Several of the thirsty way aforesaid, Lay in a stock the day before. Then, when the urge comes, they lie themselves into the back room and absorb a few hookers.

Now, here is the point: One man generally is delegated to do the day-before buying. When he collects as he pours, is he guilty of violating that election law?

Of course, it is none of my business. Just a couple of idle thoughts.

THE OTHER DAY I was glancing at a map of Palm Springs and noticed that in a new residential district strung up east of Sunrise Way and between Alejo and Amado, a street on that map.

All of the other streets had names but this one was merely marked: "Unnamed Street."

How do the people who live there, have their mail addressed?

Too bad we don't wear hats — much — in Palm Springs. So we couldn't observe Straw Hat Day this week.

DR. BENJAMIN GOLDBERG  
Fat in the Diet

The pre-eminent position which has been taken by heart disease and blood vessel disease as a cause of death in human beings has stimulated an intensive research campaign to determine what causes thickening of blood vessels to allow the serious condition of coronary thrombosis to occur so frequently.

During the past several years much of this research has centered around various factors in diet as they affect changes in blood vessel structure.

Much of this research has been done on the West Coast at the medical school of UCLA. Here utilizing the fact that cholesterol which evolves from fatty substances is readily deposited in blood vessel walls and causes their thickening proved to be a factor in the above named conditions.

MORE RECENTLY experimentation at Washington University School of Medicine showed that thickening of blood vessels in the heart muscle, along with the formation of blood clots, could be induced in white rats by means of several diets. These contained 40 per cent by weight of saturated fats (butter and lard) and other substances designed to raise the blood serum cholesterol level in the body.

These diets however were poor in proteins and fatty acids which are concerned with neutralizing the cholesterol effect. It becomes necessary in properly evaluating these experiments to take into consideration the relative percentage of these substances in these diets as a whole.

ONE MUST ALSO evaluate the chemical changes in the various food components, that is the vitamins, the mineral salts and the actual new chemistry produced in the fats, proteins and carbohydrates before they are assimilated in the body.

If then combining this information with other factors such as age, sex and diabetes in experimental animals there continues to be an inordinate deposit of cholesterol the next step would

be to prevent or reverse this. Such a reversal would allow in individuals even with some thickening or narrowing of the blood vessels especially in the heart muscle to live.

AT THE ROCKEFELLER Institute other experiments on dietary fat are being carried on. Using a group of human beings in the wards where they study metabolism problems it has been determined that there is a correlation between saturation of dietary fats and the levels of cholesterol in the serum.

More than 25 fats were tested in this study. The highest cholesterol levels are found when butter and coconut oil are fed as the sole dietary fats. Intermediate levels are produced by palm oil, lard, cocoa butter and olive oil.

THE LOWEST LEVELS followed the feeding of peanut, cotton seed, corn and safflower oils. The lowest serum fat levels followed the ingestion of the highest intake of corn oil.

These experiments do not prove conclusively that the increased taking of oils or fats alone were the factors in the thickened coronary blood vessels. However, their recommendation for persons with a history of heart disease or those in whom the risks seem greatest are as follows: The first, a vegetarian diet omitting egg yolks and all dairy products except skim milk and skim milk products and washed cottage cheese. The second, a very low fat diet of 25 grams per day supplemented by an ounce of corn oil two or three times daily.

Tommy Sands Wants a Diploma

NEW YORK — I feel real ancient today after joining the Teen Age Set and sitting around with Tommy the Tonsil Sands who at 19 has the world on a string.

Sluggard ordered me to write up Tommy. Not that HE cares for him . . . "It's those crazy girls!"

"All rootie," I said in the Tommy Sands lingo.

Tommy, a Chicago-born, Louisiana and Texas-reared kid who's snatched crooning fame and wealth in three months, wants one more thing—a high school diploma—like Betty Hutton wanted one in Detroit when she was already a star and got it.

I SAW "HEP DEE Hootie, Cutie Wootie, You're All Rootie With Me" Tommy at Globe Photos. Dangling a shaving kit on a strap, he came in with his road manager, Bill Lee of Hollywood, who's all of 21.

He sure seemed happy to have to shave. "They say if you have a beard—the electric razor was humming—you're a man. I've sure got a beard!" He fingered it proudly.

"One editor wants you in a bathing suit," a photog said.

TOMMY RAN A hand through his fluffy hair. "I never take bathing suit nor guitar pictures. I've been advised by my agents not to." The photog made a call, then reported:

"The editor will be happy to have a light summery outfit."

That's the way it's been with Tommy since "Teen-Age Crush" and "Hep Dee Hootie" were recorded. Whatever he says, goes.

Now it's the Roxy, Ed Sullivan's show, a Hollywood movie, "The Singing Idol," based on the Kraft TV show—and running from little girl fans who chased him from the Hotel Taft to a secret apartment.

"TOMMY'S WORKED since he was 8," Bill Lee said. "Where did you work at 8?" I asked Tommy.

"The day I made my last payment on my guitar, down in Shreveport, I was on the way to the bus station. I decided to stop in the radio station and ask for a job."

Soon he had a "Tommy Sands Show" — he and his mother moved on to Houston—there he quit Lamar High in '55—"in my last two months"—to work.

"Has he a draft problem?" I asked Bill Lee.

"Sure." He nodded grimly. "Everybody has. But first he wants to get that high school diploma, out in Hollywood. Tommy doesn't care for college. The way Tommy figures it, he'd be wasting the college's time."

THE MIDNIGHT EARL . . . Wm. O'Dwyer's plane was hit by lightning between Houston and Mexico City (so he phoned show-gal Rosemary Ridgwell) . . . Tommy Manville says, "Since the wedding I feel 10 years younger—up here" — tapping his head. He took a nearby house for bride Pat Gaston to entertain friends (girl) . . . Steve Allen trended Ed Sullivan, 19.1 to 18.1 (Ed's show dropped a long time backstage exec.) . . . Bill Leonard and bride Norma Wallace will take their eight sons along on their vacation.

Celeste Holm was tossed over a horse's head in Central Park and landed on her feet . . . John Perona and MGM gave a premiere party for the trailer of "This Could Be the Night" at El Morocco—with Julie Wilson getting hurrahs from Johnnie Ray, Fernando Lamas, Hugh O'Brian, Sonja Henie and other celebs . . . Jerry Colonna's recovering from throat surgery . . . Liberace picked up everybody's check at a local restaurant one festive night recently—\$1200 worth.

STREET SINGER Arthur Tracy's life story interests Hollywood . . . Bernard Baruch isn't interfering in the proposed abandonment of his old Public School 69. "Sentimental wonderful," he says, "but sometimes it interferes with progress" . . . Comedian Alan Gale goes into a Bklyn cafe in October—four weeks at 15¢ per . . . Rita Hayworth's willing to have dir. Yassin visit the Aga after the school term ends.

Martine Carol, the French beauty, will visit New York to exploit Johnny Meyer's picture, "Action of the Tiger," and something nude will be added . . . Follies Gal Micki Marlo gets bigger billing in the show since her Page One fight with a date . . . Antonino Rocca, who wrestles barefoot, had his shoes stolen at Madison Square Garden.

EARL'S PEARLS . . . This should be emphasized about highway traffic laws: They specify you can go 50 miles an hour—they don't say you HAVE to.

WISH I'D SAID THAT: "Middle age is when you're willing to get up and give your seat to a lady—and can't."

TODAY'S BEST LAUGH: It's comic Jack E. Leonard's answer to a heckler: "Why don't you put in your false teeth backwards and bite yourself in the throat!"

An actor's doctor warned him, "Avoid all forms of excitement. Don't even look at them on the street." That's earl, brother.

MIKE CONNOLLY:

The New Jimmy Dean

HOLLYWOOD — Dick Stabile, who spent nine years as orchestra leader for Martin & Lewis, is writing a book. It's titled "My Nine Years With Two Beautiful Idiots" . . . Dean Stockwell, "The New Jimmy Dean" (although he claims he doesn't want to be called that), painted his Porsche (Jimmy had one too, remember?) a bright, BRIGHT iridescent vermillion.

Joanne Gilbert flew out for a slew of nightclub dates hating every minute of it. Joanne would rather work in movies than in toreador pants . . . Elvis Presley will do his first movie dancing in M-G-M's "Jailhouse Rock." Not with his hips, however. With his FEET . . . Gal-to-gal talk at Chasen's: "If he gets any further behind in his alimony, I may repossess him."

QUOTES CULLED from the thespians on Paramount's "Zero Hour" set—Linda Darnell: "Robbie gave me a car instead of an engagement ring. It's more practical and anyway, I prefer my plain wedding band. And now I'm saving up to buy him a new foreign car, a two-door job" . . . Dana Andrews: "Television? Naw, I'm waiting for pay-TV, and from the looks of things it's not far off."

Peggy King re Andre Previn: "We'll get married the day his divorce is final" . . . Peggy King re record albums: "Titles don't mean a thing—it's those sexy covers that sell 'em" . . . Peggy re moviemaking-versus-TV (this is her first picture): "I like this better. I've had time to catch up on my reading between scenes. Since we started I've read 'Compulsion,' 'Peyton Place' and 'The Lion's Share,' all right here on the set!"

Sterling Hayden: "After this one is in the can I'm going to Paris. I may make a movie over there for Paul Pavlov called 'Pantalaska,' an arty-type thing."

THEY'RE PRODDING Patricia Jessel (she was great in the stage production of "Witness for the Prosecution") to play Tony Curtis' mother in "The Vikings" . . . Kim Novak shed 35 pounds between "The Eddy Duchin Story" and "Pal Joey" . . . Wilbur Clark, in from Las Vegas

as to catch Marie McDonald's new nightclub act, says The Body also has 'A Voice' . . . I can remember when Marie used to do a mad, mad imitation of the late Maria Montez making one of her grand entrances into Universal's commissary, when both Marie and Maria were under contract to U. But I don't suppose she'll be able to do that in her act.

A publisher offered Louis B. Mayer a mint for his autobiography. No sale—yet . . . Jerry Lewis tells of the character who jumped to his feet at an American commie meeting and holstered: "Comrad Speaker, one question please! When we overthrow the Government, what happens to my unemployment checks?"

TV TOPICS—Gloria Pall, who once played "Sexina" on TV in Los Angeles, is now hosting in a Sunset Blvd. chophouse . . . Gloria Grahame says she'll have no time for TV till her divorce from Cy Howard is out of the way . . . Shep Fields (remember his pre-Lawrence Welk "Ripplin' Rhythm") hit it big; and oil field in Houston . . . It's reliably reported Dorothy Collins will play Sid Caesar's wife next season . . . A San Antonio reader (male) writes: "If Charlie Van Doren is so all-fired smart, how come he got married?"

So maybe Liberace's patrons at the New York Palace were sparse—so what? They love Lee in Las Vegas, where it's SRO for the next three weeks at the Riviera . . . Lorraine Bendix, Bill's eldest daughter, will make her professional debut in "The Life of Riley" next season. Bill, betimes, just bounced up with a flat deal first of its kind with NBC-TV, for 10 per cent of the gross from syndication of his "Riley" teleseries. The re-runs are not to be sold, however, until after Bill leaves the network.

Twentieth-Fox-TV, taking no chances on next season's "Broken Arrow" series on ABC-TV, has 18 scribes pounding away at their typewriters. No, no!—not all on the same story . . . Georgie Gobel claims he overheard it at the registration desk in the lobby of the Beverly Hills Hotel: "Do you have any accommodations where I can put up with my wife?"

## Home Owners Ask Sewerage System by Bonds, Endorse Museum Fund

"Adequate sewerage disposal is a necessity for Palm Springs and it should not be delayed."

This statement was in a news report issued this week by the Palm Springs Home Owners League and signed by the league's president Ben Shearer, who added, "It is our considered opinion that the sewerage system should be financed by the sale of bonds . . . which would be spread out over the next 10, 15, or 20 years. The bond issue should be fi-

nanced on general revenue bonds," continued the report, "based on the assessed valuation of all property, improved and unimproved and in this way, each property owner will pay his fair share."

There is a special citizens committee now working on a new program to present to the City of Palm Springs, but there has been no indication to the City Council when the committee's report will be made.

A previous bond election for \$3,850,000 failed to get a required two-thirds vote last March.

In the report, the league also covered many other points now facing the City of Palm Springs, and listed a complete breakdown of the bonded indebtedness of Palm Springs home owners. The report says that home owners are paying back \$7,888,000, plus a lease-purchase obligation by the city of \$13,000 and bonds author-

ized, but not yet issued, amounting to \$405,000.

It commented on the current Desert Museum Fund drive, by saying that it "is a most worthwhile project, and while it has been the policy of the Home Owners League to avoid fund-raising activities, we feel this one merits your support."

As it did in its news letter last month, the Home Owners League asked again for support of the Palm Springs Translator Stations

The popular notion that geese are "silly" is misleading, for careful observation indicates they are above average in intelligence and are resourceful in the face of danger.

The Military Air Transport Service is the world's largest airfreight carrier. In 1956 MATS flew 580,000,000 ton-miles of cargo and mail for its one customer, the Defense Department.

The fourth annual children's Water Show will be given Thursday evening, May 23, in the pool at Shadow Mountain Club. This affair is planned by the children and executed with the help of Lou Kuehner and Betty Crockett. Each year this show grows bigger and better.

Col. and Mrs. L. Tuttle of La Jolla spent a week in the Sun-Lodge Colony.

Mrs. Charles Rowe arrived from Chicago today and will occupy her Sun Lodge for a week or two, while overseeing the last minute details of their new home in Silver Spur Ranch.

Mr. and Mrs. John Bingaman have gone to Santa Barbara to spend a week or so with friends there.

Casey Henderson, grandson of Mr. and Mrs. Carl Henderson, celebrated his birthday at Shadow Mountain Club with a party for a small group of his young friends.

Mr. and Mrs. Robert Hanson (Bob and May) will arrive Saturday, May 25, for a week's visit. They will occupy their guest house on Peppergrass Lane. The Hansons have a host of friends here who

will entertain them extensively during their short visit here.

The Coachella Valley Union High School will hold its Prom at Shadow Mountain Club tonight. This is an annual affair and as the club is closed to members and guests that night, it will be an "all out" teen-age party.

Mr. and Mrs. Richard Kite, Sr., entertained Mr. Richard R. Dunnigan and his mother, Mrs. Maude B. Dineley, last week. Mr. Dunnigan is the president of the Sacramento Real Estate Board. Mrs. Dineley has purchased a home here and expects to make Palm Desert her permanent home. The Kites hosted a dinner party at Shadow Mountain Club for their guests.

Mrs. R. Rottschaefer and two of her children, Suzanne and Richard, are spending the week at Acacia Lodge. Dr. Rottschaefer and the older son will fly down on Friday for the weekend. Other guests at this same spot were Mr. and Mrs. Addis Downing. The Downings spent five weeks at Acacia including Easter Week and then again this last week.

## Use Turn Signal Properly, Warns Highway Patrol

"Make sure the turn signals on your car are off when you are not going to turn, warns the California Highway Patrol.

"Approved turn signals may be used to indicate you are about to make a left or right turn in traffic," declared Patrol Commissioner B. R. Caldwell. "Use them properly, but make sure they are turned off after the turn is made."

"Recently a quite serious accident occurred when a driver failed to make a turn at an intersection after displaying a lighted turn signal for some distance prior to entering the intersection," Caldwell stated. "An oncoming driver, also with a turn signal lit, figuring the other car was going to turn, made a left turn in front of the oncoming car."

## State Leads In Employment Of Vets, Report

California now leads the nation in employment of veterans, the Palo Verde and Coachella Valley Veterans Employment Committee reported today.

The Golden State employs 157,000 veterans, as compared with 126,000 placed in jobs in second-place New York.

Committee members meeting in Indio this week were told that 32 per cent of all persons placed on jobs in California are veterans, representing a three per cent increase over the previous year. Placements of handicapped veterans has increased by 10 per cent

## Mary Sims Wins Auxiliary Essay Contest, Local, District Competition

\* Mary Sims, 15-year-old Palm Springs High School sophomore, won first place in the senior high school division of the Americanism essay contest sponsored by the Owen Coffman Unit 519, American Legion Auxiliary, and also in the district contest, it was announced today.

Haig Harris, Jr., was second in this division, and Diana Stimac was third. Subject of the themes was "Protect America's Freedom."

IN THE INTERMEDIATE division, for students of the seventh, eighth and ninth grades, Marti Rosen won first place, with Sharon Bruce placing second, and Linda Wells, third. Subject was "Land of the Free."

Elementary school winner was Candice Martin of Cielo Vista School, with the subject being, "The Statue of Liberty." Billy Dennis of Cielo Vista was second, and Vicki Finrow of Cahulla was third.

THE WINNING essay of Miss Sims, 15-year-old Sophomore, follows:

"We of the United States were presented a treasure by Congress in 1789 when the Bill of Rights became a part of the Constitution. These fundamental Rights were naturally brought about after careful thought and consideration. They belong to a free people and were an out-growth of the 18th Century doctrine of liberty upon which the United States was founded.

"To protect these Rights should be the basic ambition of every American citizen, and a special, concerned effort should be brought forth by all. With increased ease and speed of communication with and transportation to other countries throughout the world, this situation is becoming increasingly difficult, as the once thought of far away countries are just next door neighbors now.

IT MUST BE OUR aim by example to show autocratic, socialistic, and communistic countries the merits of Democracy in which the people enjoy the Four Freedoms, that is, Freedom of Speech, Freedom of Press, Freedom of Religion, and the Right to Trial by Jury.

"Under these four fundamental Freedoms there are, of course, different branches, such as the the greater hope there will be for the future of the world.

"Our many Foreign Student Exchange Organizations are effectively proving this. There is no better way for European young people to learn to understand and appreciate our way of life than for them to come into our homes and live as one of our family for a Right to a Free Education, which is widely taken for granted by many. The more these benefits can be shown to the young people and future leaders of the world,

year or more. Or, for a representative of our youth to go and spend a summer in the home of some international family.

"In this way, these students can become aware of the advantages of freedom, become better acquainted with our trades and policies and adapt themselves to them, and, when returning to their native country, put these fundamental freedoms into effective use.

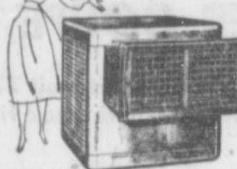

"THE FOREIGN POLICY of the United States is another place where our Democracy must be upheld. Therefore, it is the duty of every American citizen to be most thoughtful in his choice of political leaders. Our Governmental influence is mounting throughout the world and at no time should our basic ideals of Democracy be forgotten.

"Basically the Christian Doctrine of 'Do unto others as you would have others do unto you' should be behind every gesture made by the people of the United States, whether they be politicians or tourists traveling throughout the world. By proving our worth, we will gain the friendship of other nations and in that way best 'Protect America's Freedom'."

HULA DANCERS, sword and fire dancers and the Beachcombers Trio provided an evening of fascinating entertainment at the Shadow Mountain Club luau on Saturday night. Here the stage, spanning the figure-eight swimming pool presents an array of dancers.

LONG TABLES set up the length of the upper terrace were loaded with luau food, so much of it that hundreds of people were fed without difficulty. In addition to an array of Hawaiian and American delicacies there were shrimp boats and fruit tables. (Sun Photo).

## Ninth Shadow Mountain Club Luau Is Colorful Spectacle

The desert version of the Island trade winds whipped through the palm trees and rippled the waters of the swimming pool Saturday night adding additional versatility to Shadow Mountain Club's ninth luau. The wind died down during the evening and did not interfere with the spectacular and colorful show.

Cut-out letters of styrofoam filled with bougainvillea blossoms floated in the swimming pool, spelling out "Aloha," and strings of lighted Japanese lanterns swayed overhead.

It was a spectacular scene as hundreds of people, mostly in Hawaiian or oriental garb thronged the terrace and the pool area, a brilliant horseshoe of lights and color.

The great luau tables extended the length of the upper terrace, offering a choice of authentic Hawaiian food or American dishes. Shrimp boats offered that delicacy, and tables were piled high with

fruits and coconuts.

As always the stage spanned the slim waist of the giant figure eight swimming pool, with tables set on all sides. The show opened with fireworks that exploded in color against the night sky. The Tani Marsh Hawaiian revue and the dancing of dusky-haired Lei Aloha, of the Harry Owens show, brought the beauty and sinuous grace of the Island dances, while the Beachcombers instrumental and vocal trio brought the hauntingly beautiful melody.

Freddie Letuli did his terrifying knife dance and Tavana, the Tahitian priest, danced on live fire and tossed flaming fireballs into the air. La Pua, the comedienne, did her joyous dances, and altogether it was one of the most sensational shows ever staged at a mainland luau.

Edith Eddy Ward hosted a party, with her table set up in front of her poolside cabana. Among her guests were Mr. and Mrs. Montgomery Orr (he's United International art director . . . currently working on "Man of a 1000 Faces"), Mr. and Mrs. Edgar Schill, the Roy Gores of Hollywood and Palm Springs, Mr. and Mrs. Amory Eckley, Lief Erickson, Charlotte Steward, and the hostess's sister-in-law Patty Eddy of North Hollywood.

Mr. and Mrs. W. B. Malouf had with them Bertine Treat, Rudolph Halm, Gary Malouf and Ellen Olivera.

Among other merrymakers were Messrs. and Mmes. Arnold Anderson, Armand Turonnet, Andrew S. Moseley, L. C. Lewis, Wilson Cole Connolly, Ben Cowan, Hal Kapp, Robert Meyer, Jack Copass, Ralph Caplinger, Levan Saeger, George Walling, James O. Griffin, Boynton Jones, Ira Johnson, Kay Oleson, Paul Barnes, John Moran, Roy Kessler, Paul Heinley, Harry Holt, Don Carnes, Arthur C. Horner, Walter Bovee, Allen E. Ahrens, Dr. and Mrs. P. W. Seals, Col. Jason Joy, Mmes. Isabelle Belyea, Jessie Hill, Henry Passow, Edwina Warren, Messrs. Hank Gogerty, Cliff Henderson, and many, many more.

## Garden Club Views Slides Of Europe

Members of Palm Springs Garden Club made a vicarious trip to Europe Saturday evening when they viewed color slides taken by their hostess, Mrs. Fern Jones on two recent trips abroad. Spring flowers, tulip time in Holland, and fall foliage were among the highlights.

Mrs. Jones, who toured Europe for six months by auto, came home with an exceptional collection of color photos of great beauty and human interest. Almost every slide shown was of salon quality.

After a brief business session, during which retiring president Harry Yesley turned the meeting over to incoming president Mrs. Ralph Shelley, the new officers for the coming year were introduced. They are: vice president, Mrs. John Meilink; 2nd vice president, Mrs. Mary Hurrell; secretary, Miss Gladys McClure; treasurer, Mrs. Clem Rogers; corresponding secretary, Mrs. Jerry Bunker.

About thirty members enjoyed cake and coffee at the dessert hour after dinner time in the lovely gardens by the lighted pool. Co-hostesses were Mrs. William McCarty and Mrs. Tom Holland.

This meeting ended the season for most of the Garden Club members, but those who will be within reach of the Village and the Riverside area, will meet for a social day and picnic at the Riverside ranch home of founder member Harry Harper and Mrs. Harper, who are at the present time in Europe, combining a vacation trip and tour of Europe with the Rotary International convention in Lucerne, Mr. Harper being a district director.

The Palm Springs Historical Society already has laid many plans for another worthwhile and constructive season, starting in October, during which the sale of the very successful and popular Garden Book, published this season by the club, and which was compiled and illustrated by Melba Bennett; the annual Flower Show (attended this last spring by over 1200 visitors and Villagers), and Gardens Tour will be repeated.

## SPORTS PARADE TODAY'S

By OSCAR FRALEY  
United Press Sports Writer  
Reg. U. S. Pat. Off.

NEW YORK (AP)—Vic Wertz admitted today that he still feels the paralyzing fingers of polio but the man who made it back farther than most make it forward still plans on "at least two more years" of baseball.

The burly first baseman of the Cleveland Indians was stricken with the disease in August, 1955 and for a frightening week could move only his head. Yet Wertz battled back last year for one of his finest seasons.

But the comeback, and his fast pace this year, are even more remarkable when you consider that even now he lives in the shadow of the nightmare.

"It's all right as long as the weather is hot," he admits. "Then I don't feel any traces of it. But in cold weather I notice it in my back. When it's cool, the back stiffens up."

THE FACT THAT he is 32 does not worry Wertz. It is, you feel as you talk to him, the impendence—such as the attack which laid him low two years ago. It was enough to finish the career of most.

And he played again. Vic had his best year in home runs last season with 32 while knocking in 106 runs. Only a kidney infection late in the year whittled down his batting average to .264.

This spring there was more trouble. He was bedded a week in the spring with influenza. Right now he is nursing a set of sore ribs because he "picked up a knee" while sliding into second base at Kansas City a week ago.

Despite the aches and pains and cold weather stiffness, Vic is happy. He is doing what he likes and there is added satisfaction in his current .340 batting average.

"AS LONG as I can play well and as long as I get a good contract, that's how long I plan to be around," Wertz analyzes. "But once I can't produce, you can bet I'm not going to stretch it out sitting on the bench."

Yet even then Vic won't turn his back on the game. "I wouldn't want to coach," he says. "But I would like to maintain my interest in the game and stay in touch as a part-time scout or something along those lines."

"After all," he adds slowly, "baseball has been good to me." And he, it might be added, has been good to and for baseball. Inspirational figures such as Vic Wertz don't come along very often in any sport.

### Give Moore Until July 7 to Defend Title or Get Out

GRAND RAPIDS, Mich. (AP)—Archie Moore, growing more deliberate in his waning years, today was under a new edict to defend his title by July 7.

"If Moore fails to defend by July 7, we will take the necessary measures to vacate the light heavyweight title," Floyd Stevens, president of the National Boxing Assn. and chairman of the Michigan Boxing Commission, said Monday.

"There is no chance the deadline will be extended. If Moore doesn't defend by June 7, he will then be suspended for 30 days. As far as we're concerned, Moore is signed to meet Tony Anthony June 7 in Detroit," Stevens said.

Stevens latest threat of action against Moore, a coy 41 despite his mother's claim he is 43, came after the ancient one signed for another exhibition in Germany, June 2.

## DODGERS NOT DEAD YET, CLIMBING FAST TOWARD TOP RUNG IN NL RACE

By FRED DOWN

United Press Sports Writer  
Those "nine old men"—the fellows who won it last year—are still in the National League pennant race.

That's the Brooklyn Dodgers' message today to the experts who were beginning to view the 1957 race as primarily a two-team struggle between the Milwaukee Braves and Cincinnati Redlegs. First the Braves reeled off 12 victories in their first 14 games and then the Redlegs mounted their 12-game winning streak.

All the while the Dodgers had failed to put together more than three victories in succession and there were whispers in N.L. dugouts that the old champs had "had it."

SO TONIGHT they invade Cincinnati riding the crest of a four-game winning streak—their longest of the season—and fresh from two smashing victories over the St. Louis Cardinals. The Dodgers walloped the Cardinals, 10-4, Monday night to sweep the two-game series they opened with Sunday's 10-3 rout.

As a result the Dodgers moved to within only a half-game of the second-place Braves and trail the front-running Redlegs by two and one-half.

Duke Snider, Carl Furillo and Sandy Amoros walloped homers in an 11-hit Dodger attack that also included doubles by Gil Hodges, Al Walker, Jim Gilliam and Fur-

illo. Every member of the Brooklyn lineup hit safely except Don Zimmer and pitchers Don Drysdale and Clem Labine.

DRYSDALE went the first seven innings to win his third game without a loss, Labine, making his 13th relief appearance in 27 games, rushed in from the bullpen when the Cardinals rallied for two runs in the eighth and closed it out.

A couple of old fashioned pitching duels marked the only two other games played in the majors Monday, the Washington Senators beating the Detroit Tigers, 2-1, and the Baltimore Orioles scoring a 2-0 victory over the Kansas City Athletics.

Pedro Ramos, the 22-year-old right hander from Pinar, Cuba, out-pitched Frank Lary, a 21-game winner last season, as the Senators snapped their five-game losing streak and the Tigers' four-game winning skein. Ed Fitzger-

ald beat out an infield hit with the bases filled in the last of the ninth to drive in the winning run

after the two right handers hurled shutout ball from the second inning. The win was Ramos' third and the loss made Lary's record 2-5.

CONNIE JOHNSON turned in a two-hitter and stretched the Oriole pitcher's string of scoreless innings to 20 as he handed the A's their fourth shutout in their last seven games. Gus Triandos singled home Bob Nieman with Baltimore's first run and Tito Francona singled home the second. Ned Garver suffered his third loss against two wins while Johnson won his second game compared with four defeats.

"LITTERBUG ACRES" is the name tagged on the rubbish-littered countryside surrounding the city dumps. Neighboring homeowners, complaining that winds blowing across the open dump carry refuse into their home areas, have formed a citizens committee designed to provoke city council action directed at re-locating the dumpsite.

## New Plymouth, DeSoto Garage Opening Set

Completion of the extensive remodeling on the Plaza De Soto-Plymouth building is expected by the end of May, it was announced today by Harry Van Gorp, new De Soto-Plymouth dealer for the Palm Springs area.

The building, known for more than 20 years to Villagers as the Plaza Garage, has undergone its first major remodeling since it was built in 1936 by Mrs. Julia Cornell, developer of the Plaza.

With more than 28,000 square feet on two floor levels, the Plaza Garage is the largest structure ever built in this area for automobile servicing.

REMODELING HAS already been completed on the vast interior of the building and all new automotive equipment installed.

Staffed with factory-trained personnel, Plaza De Soto-Plymouth is open for business while remodeling and construction is in process on the building's exterior.

"Fifteen carloads of new Plymouths and De Sotos have already been received and are being serviced for delivery," Van Gorp said.

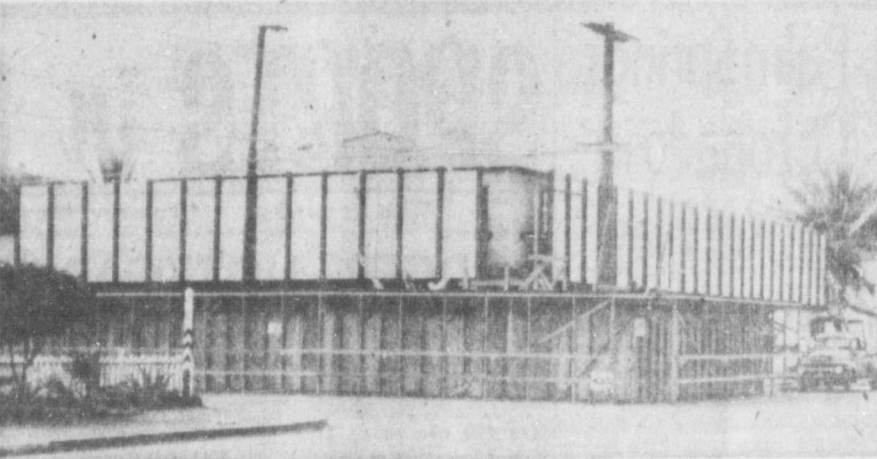

PENDING COMPLETION of the showroom the new cars are being displayed on the 85-car customer parking lot across the street from the building.

Contractor Orlan Andrews is in charge of construction, architectural design by Wexler & Harrison and interiors by Antone Dalu.

Paper, cartons and assorted rubbish are wafted through the air and tangled in scrub patches or homesites almost as far as the eye can see, homeowners complain. In the background, residents view operations of a dump crane near their property. The proximity of the crane to the homes is another bone of contention. (Sun Photo).

COMPLETE REMODELING of the old Plaza Garage will turn the early day landmark into a new showroom for Palm Springs newest automobile agency. Harry Van Gorp, new DeSoto-Plymouth dealer for Palm Springs has announced that the remodeled building will be ready to serve the public by the end of this month. (Sun Photo).

## Favorite Books for Young Readers Range From Mike Mulligan to Lions

By GERRY VANER  
Robert was four years old—and he went to the library every week for Story Hour. And every week after the stories Robert wanted to take a book home. Now this is not unusual, except that he always wanted to take the very same book: MIKE MULLIGAN AND HIS STEAM SHOVEL. It got so that Robert began to call the library "Mike's House."

MIKE'S HOUSE is exactly what author, Julia L. Sauer, calls this story about Robert and his favorite book.

One winter day there was a big blizzard blowing outside, but Robert wouldn't miss story hour for anything. His Mother left him off at the corner when she went to park the car, and the wind whipped off his cap—just like that! Well, Robert chased his cap (and he found it), but he lost the library. When a policeman found him all Robert could tell him was that he was going to "Mike's House." No matter how hard he looked, the kind policeman could not find Mr. Mulligan's name and address in the telephone book!

When I FINISHED this book I found myself wondering about Mike Mulligan: if Robert wanted to take him out of the library every single week, he must be

very interesting. So I went into the children's room at the library and got Virginia Lee Burton's tale about Mike and his steam shovel. I was lucky—I got there before Robert did, so the book was still in!

It's the right combination of sadness and gladness. First we're very proud of Mike and Mary Anne as they (with some others) dig the great canals for the boats to sail through... out through the mountains so the trains can go through... make highways for the cars... flatten landing fields for airplanes... and dig cellars for skyscrapers.

BUT THEN COMES the sad part about the speedy new gasoline shovels, electric shovels, and Diesel motor shovels—they're so fast that they get all the digging jobs. No one wants to hire Mike Mulligan and Mary Anne anymore.

Finally, they leave the big city and go to the small town of Popperville. And they only get a job there because Mr. Sway (the selectman with the small, mean smile) thought he could trick them into working for nothing.

Before the day was over, people had come from as far away as Bangerville, Boperville, Kipperville, and Kopperville to watch

Mike and Mary Anne. And Mr. Sway found that he had a surprise coming to him—and so will you if you ever sneak a peak into the cellar of the new Town Hall in Popperville!

JAMES DAUGHERTY took an old Roman tale ("Androcles and the Lion") and brought it right up to date in ANDY AND THE LION. Andy went to the library, and like Robert in the book described above, he seemed to have a one-track mind where books were concerned.

All the books he checked out were about his favorite animals—lions, to be exact! He read all evening, even right through supper. In fact, he only put his book down long enough to listen to his Grandpa spin some tall tales about hunting lions in Africa. And, after Andy got into bed that night he had a dream—do I have to tell you that it was about lions?!

THE NEXT MORNING on the way to school Andy met a lion—it just had to happen I guess! My, how they chased each other around that big rock—the picture shows you just how fast they were going! Then Andy noticed that something was wrong with the lion and he did a very brave thing!

So brave, and so kind and helpful was he that the following spring, when the circus came to town, Andy was able to protect all the frightened people when something terrible happened. In fact, the mayor gave him a special medal for bravery. Oh, yes, and Andy remembered to return his book to the library!

THE BUILT-IN AND step-saving design of the Royal Air Country Club model kitchen pictured above has been evoking praise from those who have inspected it since its formal opening. Architects who conceived it are Wexler and Harrison. A lush oasis right in the center of downtown Palm Springs, the Royal Air home show has handsomely benefited the Palm Springs Community Chest. Construction date for additional Royal Air home-size units, which will be spread over the seven historic acres that formerly housed the Desert Inn Mashie Golf course, will be announced shortly. NASHVILLE, Tenn. (AP) — Morris Thurman caught a one-pound catfish in the Cumberland River, put it on his string and dropped it back into the water. When he pulled his string he found he had two catfish. A second one had tried to swallow the first but just got stuck since each weighed one pound.

## Davidson Named Manager Of New, Luxury Ocotillo

Owners of Ocotillo Lodge, Palm Springs newest and one of its most lavish apartment hotels, now nearing completion at 1111 East Palm Canyon Drive, announced today the appointment of Eddie Davidson as resident manager.

Davidson, who is well known locally as a hotel manager, during the past few months has been director of public relations for the Chi Chi Supper Club, and recently resigned to accept the hotel position.

**HIS REPUTATION** as a hotel operator is well known in Southern California, as he managed both the Rossmore and Casitas del Monte here and the St. Catherine Hotel in Santa Catalina.

A present member of the Palm Springs Rotary Club, he is a past president of the Palm Springs Hotel and Apartment Association, until recently a member of its board of directors, and he has served on the board of directors of the Chamber of Commerce.

**DAVIDSON'S EFFORTS** are now being devoted to the hotel opening which has been scheduled for Oct. 1 of this year. Its 132 apartments are available on an annual lease basis only, and are designed for maximum year-round comfort and convenience—with such features as: refrigerated climate control, private patios, television, complete hotel service, all electric kitchens, and mirrored dress-

## Poppy Day Funds To Aid Disabled, Auxiliary Says

Poppies worn to honor the memory of the war dead on Poppy Day, May 24, also will bring help to disabled war veterans, Dorothy Morrison, Rehabilitation Chairman of Owen Coffman Unit No. 519 of the American Legion Auxiliary, pointed out today as she worked on arrangements for the Poppy Day observance.

Contributions given to the Auxiliary's "Poppy Girls," will be a principal source of support for the Auxiliary's work for disabled war veterans during the coming year, Mrs. Morrison explained. The money also will be used in child welfare work for needy children of veterans.

"While honoring those who died defending America," Mrs. Morrison said, "the American Legion Auxiliary asks that we also think of those who did not die but sacrificed health and strength in the nation's service. The sick and disabled veterans are still within reach of our help and helping them is a continuous activity of the Auxiliary."

"Volunteer Auxiliary workers go into the hospitals and the homes where veterans are still fighting their long, painful battle against wounds and illness, bringing them comfort and cheer. Funds are needed for emergency aid, for comfort articles and for cheering gifts, but since all the work is done by unpaid volunteers, Auxiliary dollars go a long way. We count upon warm-hearted, remembering Americans to give us the dollars we must have for this work when we bring them their poppies."

### Fire Causes Heavy Damage

A cigaret tossed into a wastebasket was today listed as the possible cause of a fire that Sunday gutted a Biltmore Hotel linen closet, causing an estimated \$4,500 damage, Fire Department officials reported.

The blaze was confined to the small closet area and quickly extinguished, but firemen attributed the heavy damage to stored linens to smoke and scorching.

COMEDIAN JERRY LEWIS is shown in a scene from his newest picture, "The Delicate Delinquent," which will have its press premiere at the Plaza Theater on Saturday night, May 25. Tickets for the premiere are now on sale at the Dorothy Gray shop, 1074 North Palm Canyon Drive, with all seats reserved. Proceeds from the benefit affair will go to the Community Chest, which has fallen behind in its goal for its six benefitting agencies. "The Delicate Delinquent" shown has a change of heart during the picture, and joins the police department. And then his troubles start—during his training and also on his regular beat. Lewis has been a star since the age of 5, and although he reached his greatest fame as a partner with Dean Martin, has now gone on to even greater stardom as a solo.

## Throwing Stones Is Safety Slogan

Safety slogan to be observed by students in the Palm Springs Unified School District this week is "Throwing stones is a dangerous practice which causes many injuries," according to George Bond, school safety director and transportation superintendent.

Each week a different slogan is selected, to be repeated by students as they board buses en route to or from school.
